Regarding; Low Power FM for K-Love

Dear Sir or Madame,

I would like to take a moment of your time to express that K-Love is a valuable part of our local airwaves. K-Love provides inspiration and hope when life throws us those curve balls. They provide invaluable information on family issues and I think it would be a great loss with the proposed changes.

I am a small business owner and a step mom who is always looking for guidance and inspiration to make it all work. These are tough times all around us and to be able to turn on your radio and find strength to handle it all is priceless.

Please reconsider and keep K-Love where it belongs!

Sincerest thanks,

Lynnette New-Owen
